Date: September 2008
RE: Eckerd College Faculty/ASPEC/Student Development Grants

The Faculty Liaison Committee (Committee) invites your proposals for funding of activities and projects that involve faculty, ASPEC, and students. ASPEC and sponsors are pleased to fund these grants of \$300 to \$500, and all worthy proposals will be considered by the Committee.

Proposals should be submitted to:

Morris Shapero, Chair, Faculty Liaison Committee

Email: shaperma@eckerd.edu

Office: Comparative Cultures Collegium/SE 100

Phone: (727) 864-8452

no later than November 15th, 2008. Proposals (approximately 500 words) will be presented to all members of the Committee which will meet in early December and will decide what proposals to fund.

All grant recipients will be notified in early January 2009 and will be asked to attend a Committee meeting in early February 2009 that will detail additional program requirements including presentation of your project's results at the Learning Grants 2008-2009 dinner to be held the last week of April 2009. At this dinner, faculty, ASPEC and students from each project will share highlights of their projects with all in attendance.

The Committee will evaluate all submitted proposals based upon how well each project can achieve in some way the mission statement of the program: ***"It is our hope that Eckerd College ASPEC/Faculty Development Grants provide an intergenerational, experiential education where learning occurs through a cycle of action and reflection as students work with faculty and ASPEC members through a process of applying what they are learning to community problems and, at the same time, reflecting upon their experience as they seek to achieve real objectives for the community at large and deeper understanding and skills for themselves."***

A proposal form is attached to guide applicants with their submission. Feel free to adapt this form to your own format as long as all the requested information is included with your proposal.
