sounds of D.C.*

Thank you for your interest!

Did you know?

Washington, DC has the highest rate of new AIDS cases in the country. HIV/AIDS affect not only the person who has the infection, but also partners, friends, and family.

Volunteers will be preparing meals, organizing kits, learning about outreaches and providing other services that the organization needs to serve the greater community.

A Sneak Peak of Organizations That We Will Be Working With:

Prevention Works!

www.preventionworksdc.org

Their mission is to decrease the new infections of HIV and other blood-borne diseases among injecting and other drug users, their sexual partners, and their children.

Food for Friends

www.foodandfriends.org

They offer nutrition counseling, prepare, package and deliver meals and groceries to people living with HIV/AIDS, cancer and other life-challenging illnesses.
