

Bob Bavier Team Race
College of Charleston
2/24-25/07

Regatta Highlights:
Saturday-

Ideal team racing conditions and sunny skies were to be had on the first day of the Bob Bavier Team Race. 56 races were raced to complete a double round robin. Winds were 8-12 mph out of the ENE shifting to SE as the day went on. The tide was flooding for most of the day but slackened and switched by the end. There were no breakdowns. Four protests were filed resulting in four DSQs. Big thanks to the coaches who stayed to help hear the protests along with John Bowden and Ed Norton. Also, thanks go out to the Charleston undergrads who contributed to the day's success.

Sunday-

A third round robin was completed in a gusty southerly that ranged from 15 to 30 mph. The tide was flooding for the entire day of sailing. There was one breakdown and a resail happened as a result. Zero protests were filed at the end of the day. Huge thanks to Ed Norton who ran a great event as PRO. Also, thanks again to the Charleston undergrads who helped.
